Summer 2013

Spreading the Ignited Fire of Revival!

God has placed on our hearts a desire to see the churches in this nation come back to their first love. We long to see people, once again, get down on their knees before the altar and pray and seek God for this lost and dying generation. Matthew 5:6 "Blessed are those who hunger and thirst after righteousness; for they shall be filled." When you get a true hunger and thirst for God, it will change you from the inside out. We proclaim salvation and the power of the Holy Spirit everywhere we go. We focus on the presence of God and letting the Spirit move in the way He wants to, taking the limits and restrictions off of Him.

When we first launched out into this ministry God revealed something important to us about the church. When it gets refreshed and renewed in the Presence of God the desire will come to reach out to this lost and dying generation and in turn with that desire will bring revival to the church. We have seen that desire come alive in the church in different places we've been. We've seen God's people crying out for a move of His Spirit and for this lost generation. I believe that cry is what touches God's heart, He wants us, not only to be concerned for the condition of the sinner, but to go and actually do something impactful about it.

We have had some amazing services so far this year as we have seen the hunger for God still alive in the people. Many people have been saved and baptized in the Holy Spirit as well as physical healings. We are so excited to see what God does next we can hardly wait!

The Lukewarm Church

by Laura L. Jablonski

The church in Laodicea is not far off from our own modern American church. The worst part about this particular type is that within those four walls the need and desire for revival does not exist. What has replaced a hunger and desperation for God is church as usual: Sunday morning attendees fulfilling their weekly "duty". The dining and concert halls are filled but the prayer rooms and altars are empty. Where have all the intercessors and worshippers gone? It seems the very need for an altar is almost negligible in a lot of churches. When was the last time you remember the altars being filled with the unsaved giving their hearts over to God and repenting? The altar should be a place of surrender and repentance. Even those very words have become taboo. It reminds me of people removing the words "to honor and obey" in their marriage vows because they don't find it to be accommodating to their way of life. What else has been removed from our very own churches? It seems to me that society is not bending to accommodate the church but the church is bending to accommodate society. Revelation 3:17 says "Because you say, 'I am rich, have become wealthy, and

have need of nothing'-and do not know that you are wretched, miserable, poor, blind and naked-"19b "Therefore, be zealous and repent." Most people in our society have all the modern conveniences that even the wealthy have. (I.e. Who doesn't have an iPhone or flat-screen TV?) According to what Jesus said this is a big part of the problem. The zeal has been replaced with all the "stuff". "Be zealous and repent." Are you marked by passionate fervency for God? I remember many years ago I met a young man in the young adults group I was in that was so on fire for God that just talking with him for a few minutes changed my life forever. In comparison to the church crowd he hung out with they were worlds apart. I think back on that and wonder if he ever felt out of place since the rest of the group was so concerned with finding a spouse that zeal for God didn't even have a place. I know I've felt this way as I'm sure many of you have too. Even among "church settings" we're hard-pressed to find someone with that type of zeal. And if you are one of those people most likely you have felt out of place because of this very thing, the lack of zeal and passion and the lackluster approach people have towards God anymore. If the majority of the church doesn't want revival, the fact is you'll feel out of place and odd. If all you want to do is talk about God people will think you're odd but that's not what God would say. He is desiring the passion. The church needs to get their zeal back!
